

# ESOS- Energy Savings Opportunity Scheme

## High Level Guidance & Demonstration On :

1. User Account Set-up :
  - Responsible Undertaking user account
  - Two Factor Authentication (2FA) set-up
2. Organisation Account set-up
  - Organisation registration number is needed
  - Organisation Name & Address – Populated automatically from Companies House

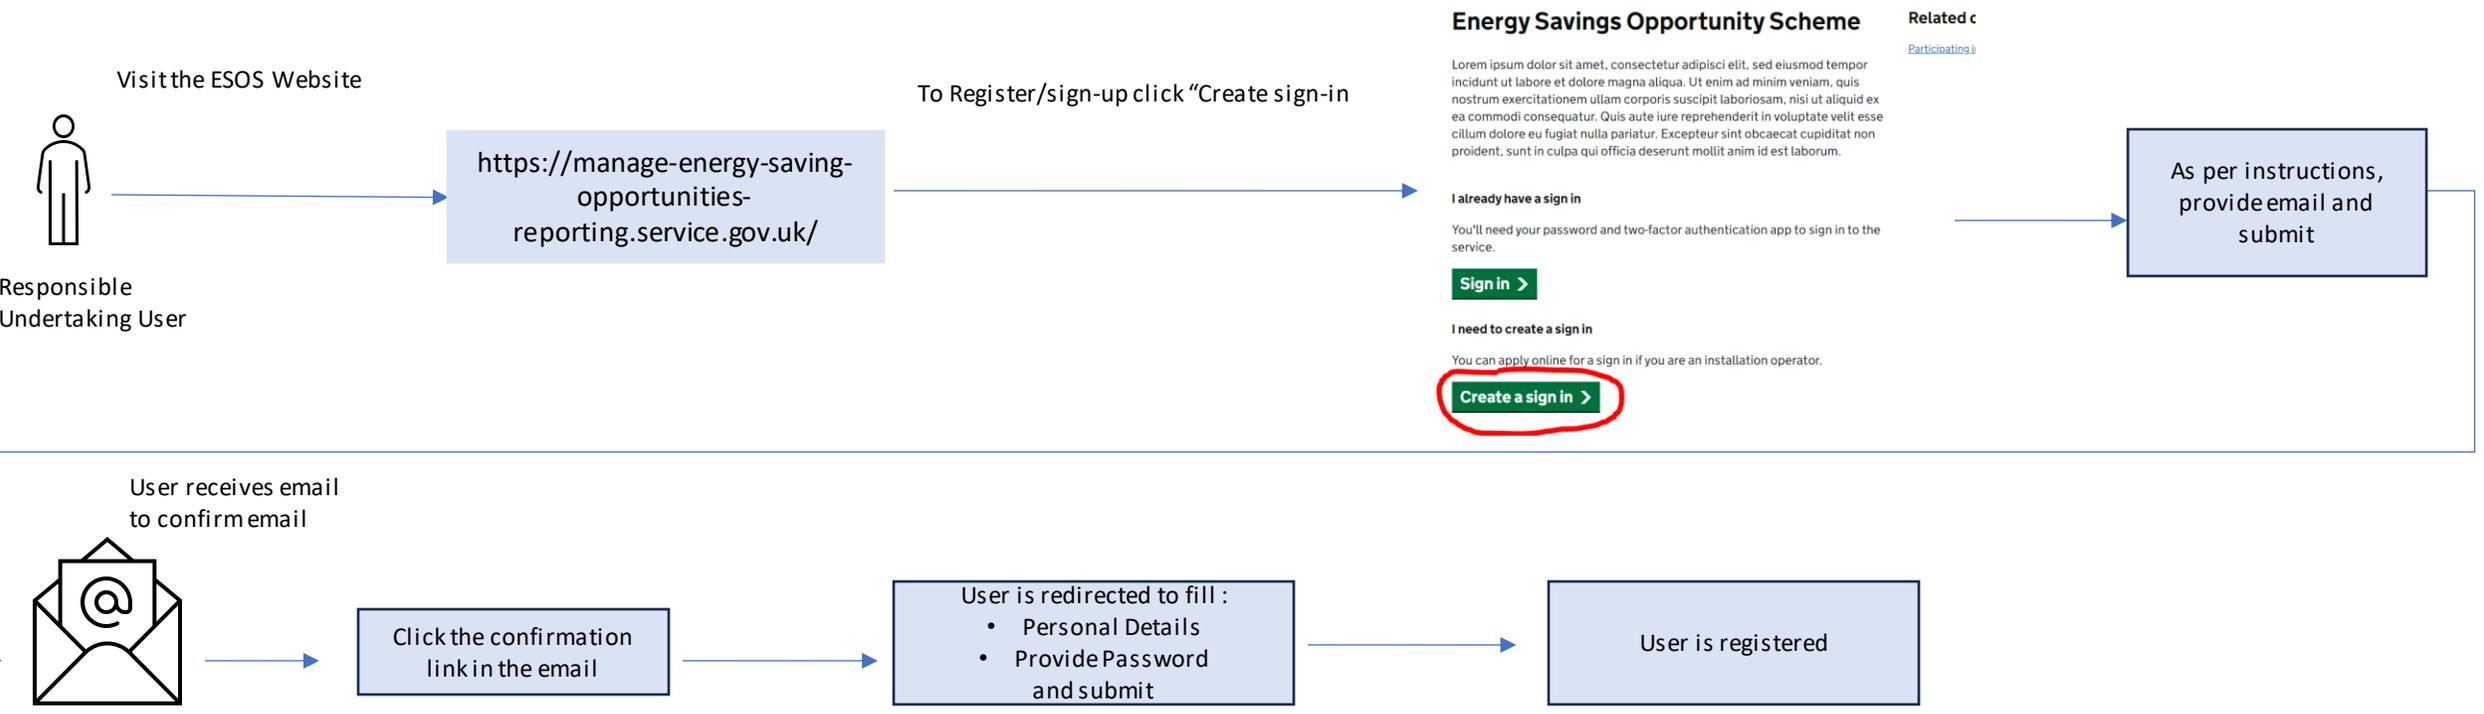

### **Important Note:**

3. Once the user account is set-up
  - You will need your password together with your 2FA each time you access your account
  - If required either one of them can be used to reset the other
  - If you lose both, contact ESOS IT help desk: [esos-it@environment-agency.gov.uk](mailto:esos-it@environment-agency.gov.uk)
4. Organisation Location:
  - The organisation location is set by default as ENGLAND.
  - If this needs changing choose the appropriate location from the list ( England, Wales, Scotland, Northern Ireland and Offshore)

## Step by step guide on how Responsible Undertaking users can set-up their user account & apply for an organisation account

Step #	User Actions
<b>Step 1 :</b>  <b>Pre-requisite</b>	<p>Download any of the following 5 authenticator apps either on your iPhone/Android mobile or add browser add-on.</p> <p>You will need the authenticator app to set-up your 2FA</p> <ul style="list-style-type: none"> <li>•Free OPT</li> <li>•Microsoft</li> <li>•Google</li> <li>•OKTA</li> <li>•SendGrid (Authy)</li> </ul> <p><b><u>Guidance Note:</u></b></p> <p>Refer to the Guidance material &amp; video provided separately</p>
<b>Step 2 :</b>  <b>User Sign-up /registration</b>	<ul style="list-style-type: none"> <li>▪ Visit ESOS website and click “Create Sign-in”. This link will be activated and shared on the 19 March via newsletters and email contacts.</li> <li>▪ Provide your email id → Receive an email to confirm the entered email .</li> <li>▪ Provide your details, set-up password</li> <li>▪ Create your account</li> </ul>
<b>Step 3 :</b>  <b>Set-up 2FA</b>  <b>( 2 Factor Authenticator) Set-up</b>	<ul style="list-style-type: none"> <li>▪ Login with your credentials</li> <li>▪ System displays QR Code ( QR code is displayed only for new user or when 2FA code is reset)</li> <li>▪ Scan the QR code using the authenticator app and follow the instructions</li> <li>▪ Generate a 6 Digit code and Set-up 2FA</li> </ul>
<b>Step 4</b>  <b>Organisation Account</b>	<ul style="list-style-type: none"> <li>▪ Login ( if not logged in already)</li> <li>▪ Click Apply for Organisation Account</li> <li>▪ Enter organisation registration number</li> <li>▪ Verify the Name, Address, SIC code details and update as necessary ( The details are populated automatically from Companies House)</li> <li>▪ Select the appropriate location of the registered address ( England, Wales, Scotland, Northern Ireland and Offshore)</li> <li>▪ Submit the account</li> </ul>
<b>Step 5: Wait for Approval</b>	<ul style="list-style-type: none"> <li>▪ The ESOS Scheme administration will verify the submitted account</li> <li>▪ If approved: Account becomes LIVE ( System will send notification email confirming that the account is approved)</li> <li>▪ If Rejected , you need to re-submit the account. ( Scheme admin will provide information on the reason for rejection )</li> </ul>
<b>Step 6: Account search</b>  <b>( only if account is approved)</b>	<ul style="list-style-type: none"> <li>▪ Login</li> <li>▪ Access the “Account” section</li> <li>▪ Organisation Accounts are listed ( if 2 or more exists, all accounts will be listed)</li> <li>▪ Choose and click any account to see organisation details</li> </ul>

# Step 2: User Account Set-up – Visual flow of the User account set-up process

# Step 3: Visual flow of Sign-in and 2FA(2Factor Authentication)

## Pre-requisite :

1. User has registered
2. Download any of the authenticator apps on your mobile (or as browser extension)

(Refer to the Guidance information provided on how to download authenticator app)

- Free OPT
- Microsoft
- Google
- OKTA
- SendGrid (Authy)

As a Registered user

Visit the site  
<https://manage-energy-saving-opportunities-reporting.service.gov.uk/>

Click "sign in" button

Login using the username & password used while registering

The QR page is displayed if either

- logged in for first time or
- admin resets the 2FA Authenticator

Application displays page to scan a QR code

To set-up 2FA,

- Open the authenticator app
- Scan the QR code and follow instruction
- This Generates a 6-digit code

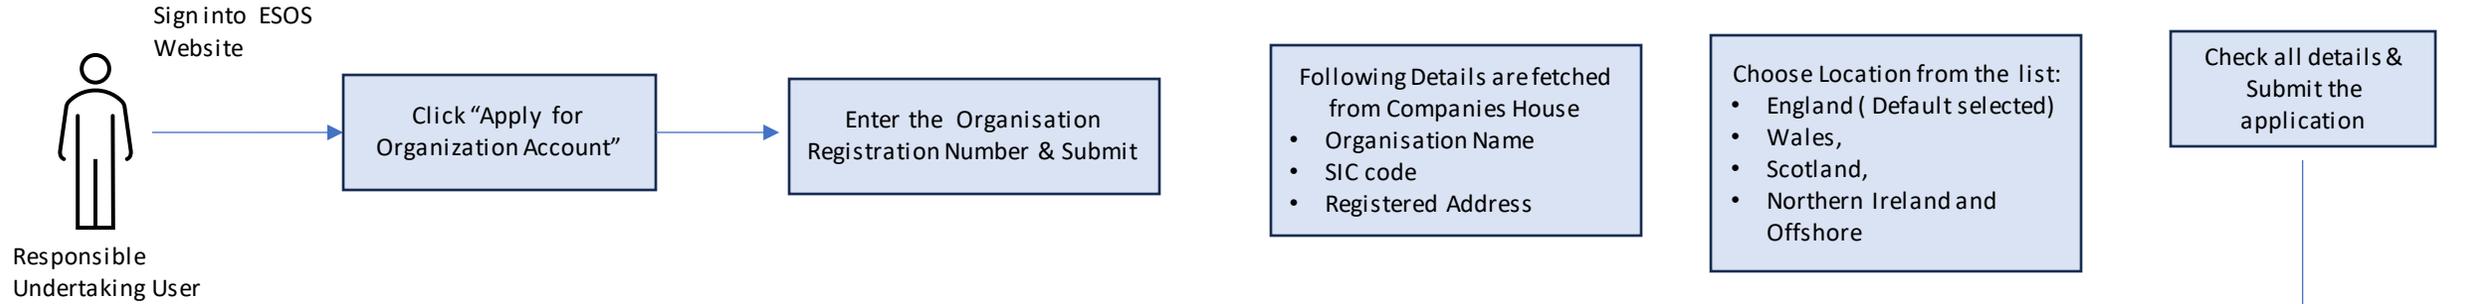

Input the 6 Digit code in the application

Application Authenticates and user is Signed-in

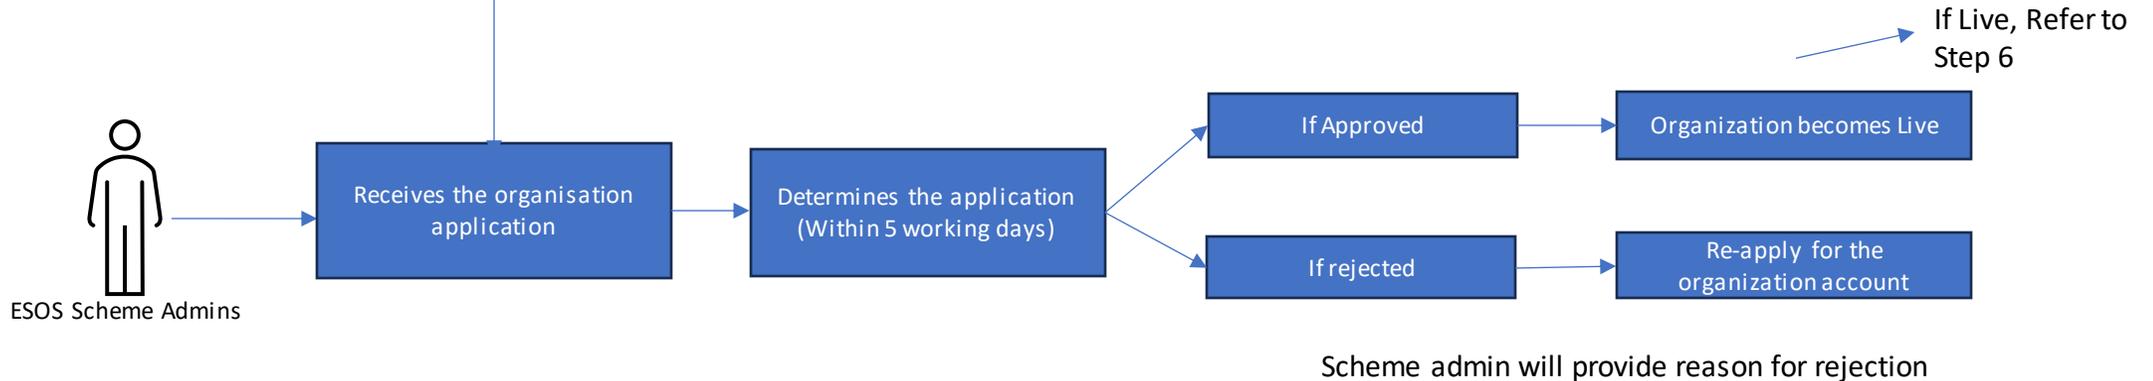

Note: 2FA set-up is done only once. Each time user wants to login, just open the app, generate the 6-digit token and login

# Step 4 ,5 & 6 : Organisation Account – Apply, Approve & Account Search

Step 4  
Apply for Organisation Account

Step 5  
Determination ( Approve /reject application)

Step 6:  
Once Organization becomes LIVE
